Haruka Kashima - Museum

6 - 7

I am interested in the relationship of dependence and, in part, discordance that exists between museum buildings and the objects that they house. They synthesise artificiality and creativity in what is a natural way for humans.

All of the works in my exhibition were executed on paper with wax chalk in 2020–21.

Minua kiinnostaa museorakennuksen ja sinne sijoittuvien objektien toisistaan riippuvainen, osittain ristiriitainen suhde. Siinä sekoittuvat keinotekoisuus ja luovuus ihmislaajille luontaisella tavalla.

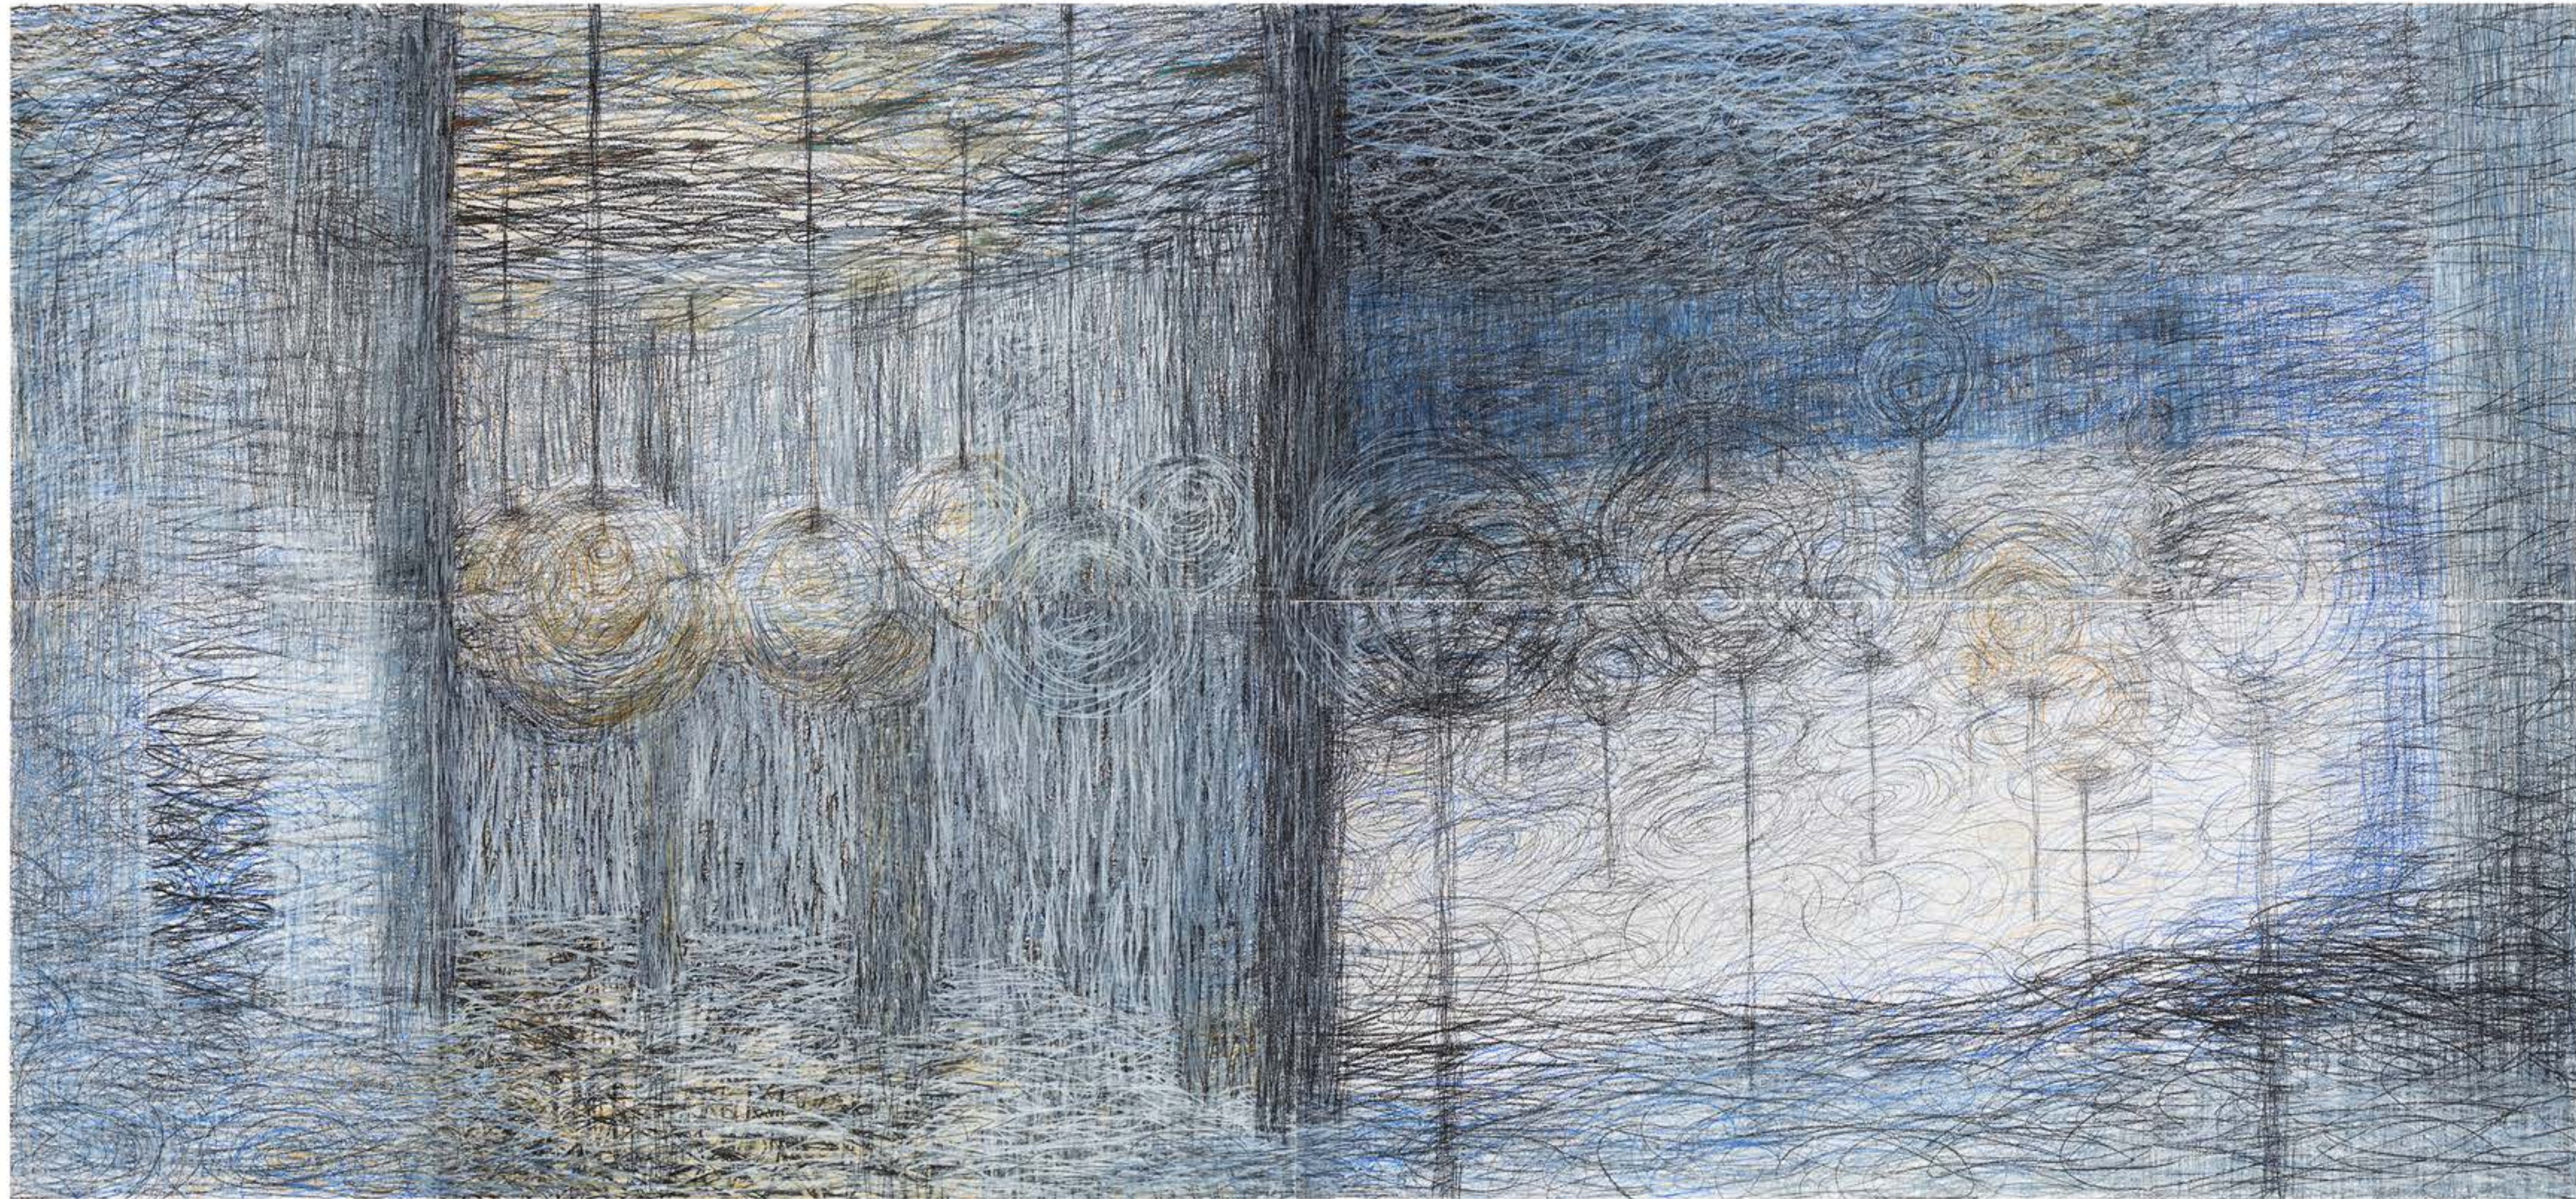

Näyttelyni kaikki teokset ovat työstetty vahaliidulla paperille ajalla 2020-2021.

PIECE OF EARTH

31.10.-26.11.2023

Haruka Kashima - Piece of Earth

20 - 21

Delving into the geological structure of our environment, much like a cross-section of a vast mass. I depict the earth, water, and sky, encompassing untouched originality, constructed components, permanence, change, and motion simultaneously. Narrative storytelling is one component of the artworks.

Kuvaan maata, vettä ja taivasta, joihin kuuluvat koskematon alkuperäisyys, rakennetut osiot, pysyvyys, muutos ja liikkeet yhtäaikaaisesti. Haluan tarkastella moniosaista kokonaisuutta kuin suuren massan leikkauspintaa, hyödyntäen samalla narratiivista ilmaisutapaa.
